Services

SKIN CARE CONSULTATION

Our medically trained licensed estheticians will analyze your skin type, help you choose cosmetic and therapeutic products and design a treatment plan specifically for you.

\$60 New Patients • Complimentary for Existing Patients

SIGNATURE FACIAL

Provides a customized and relaxing facial tailored to your specific skin type. Our products are dermatologist recommended and suitable for all skin types and conditions. Your medical esthetician will work with you to achieve optimal satisfaction.

\$95 • \$390 Series of Five (Includes Extraction)

ILLUMINATION FACIAL

This facial begins as our signature facial and then combines with powerful, stimulating and brightening ingredients such as glycolic and lactic acids. This facial will give your skin a more illuminated, smooth, and radiant appearance. Suitable for even the most sensitive skin.

\$110 (Includes Lactic Acid Brightening Solution)

ACNE FACIAL

Our medical esthetician will address the need of your acne prone skin. Deep cleansing is performed along with a specific exfoliation directed at problem areas. Extractions will then be performed. Finally, a selected mask will help to soothe and calm your skin. Product and skin care education will play an integral part in this treatment.

\$95 (Includes Extraction)

GENTLEMEN FACIAL

This one is just for men. Appropriate cleansing, extraction and optional eyebrow grooming will be expertly performed by our licensed esthetician. After a deep yet gentle exfoliation, a customized masque will be massaged into your face, neck, and shoulders leaving you refreshed and hydrated. For best results, please shave the night before.

60 Min. \$95 • Series of Five \$390

TEEN FACIAL

This facial introduces your teen to skin treatments and proper skin care. Our licensed esthetician will evaluate and treat your teen's sensitive and problematic skin. This facial includes a deep cleansing, exfoliation and masque with high frequency application as well as education on how to properly care for their ever-changing skin.

60 Min. \$95

MEDICAL ESTHETIC TREATMENTS

BLUE/RED LIGHT ACNE THERAPY

Acne light therapy is a pain-free way to help control blemishes on acne prone skin by killing the acne bacteria and shrinking the oil producing glands. This process will help to decrease the inflammation and lead to the resolution of acne in the treated areas.

8 Sessions \$300

LUMENIS LIGHT SHEER® HAIR REDUCTION

Unparalleled treatment speed and efficacy with optimal patient comfort. 75% faster than the average laser hair reduction session and features the unique HIT™ and Chill Tip™ technologies for pain relief.

Fees will be quoted at the time of the consultation.

MICRODERMABRASION

This is a skin exfoliating procedure used to improve the tone, texture, and color of the skin and is especially helpful in improving the lusterless appearance of facial skin that often accompanies photoaging. It is also helpful for improving minor facial discoloration and very fine lines or wrinkles. Acne blemishes, blackheads, and whiteheads can likewise be improved. Fine crystals are projected onto the skin causing exfoliation and stimulating new collagen formation. The procedure is nearly painless and there is little or no time needed afterward for recovery.

\$95 • \$390 Series of Five

BT TITAN MN

Micro exfoliation helps to reduce the appearance of wrinkles, scars and post acne marks and discoloration while promoting even skin tone and improving the overall texture of the skin. The BT Titan MN allows for a highly controlled and precise treatment that is adapted to every client's needs and comfort. Leaving the skin smooth, bright, and glowing.

\$110. per treatment

\$300. series of 3

DERMAPLANING

Dermaplaning is one of the most effective facial exfoliating treatments available in a medical spa setting. It is a process that has been used for over the last two decades, by itself or in conjunction with chemical peels which allow for better penetration of the peel solution. The result is smoother, softer skin along with better product absorption. It is a quick, non invasive and painless procedure in which the dead skin cells are scraped away. There is no recovery time and the results are immediate.

\$60 • Add on \$95 with Hydration

CLINICAL TREATMENT

This is an ideal treatment for patients with the desire to have their skin extracted without having a complete facial. Our medical esthetician will perform extractions of the face or back in our relaxing suite. This service may be recommended by your dermatologist.

\$75 30 min

FACIAL CUSTOMIZATIONS

CELLUMA LIGHT THERAPY

We use LED light therapy to compliment other interventions including chemical peels and facials. Even as a standalone treatment though, LED light therapy is a great non-invasive solution to address common skin concerns such as acne, photoaging. Celluma is a non-invasive treatment with zero pain, is safe, clinically proven and FDA cleared.

Acne series \$300.

Add to a facial \$25

RED LIGHT THERAPY

Our Infrared lights trigger a response for your skin to heal from the inside out. The lights easily penetrate the skin to repair damaged nerves and tissues underneath the skin surface leaving an overall improved appearance.

8 Sessions \$275

IPL SKIN REJUVENATION

IPL is a broad-spectrum light treatment to improve the appearance of photoaged skin by reducing the appearance of brown and red spots, and fine lines. It may improve tone and texture of the skin as well. The treatment can be used on the face, neck, chest, back, forearms, and hands. Typically, multiple treatments are required to obtain an optimal result.

Starting at \$250

LASER HAIR REMOVAL

Under the supervision of our board-certified dermatologists, our licensed estheticians will help you to reduce and manage unwanted facial and body hair. A minimum of 4 to 6 treatments for each area to be treated, spaced at consistent intervals, are necessary to see results. An initial consultation will be needed to effectively answer your questions and to educate you on the laser hair removal process.

Fees will be quoted at the time of the consultation.

CHEMICAL PEELS

Chemical Peels are an accelerated form of exfoliation created by acids that produce controlled injury to the skin. There are many types of peels for many different indications such as pigmentary disorders, fine lines and wrinkles and to improve the tone and texture of your skin. A consultation will determine which peel is best suited to your needs.

GLYCOLIC, SALICYLIC, JESSNER, LACTIC ACID AND SKINMEDICA VITALIZE OR REJUVENIZE PEELS ARE AVAILABLE.

starting at \$95.00 packages start at \$390
